3109 asm report of task 2

add background music

go to AndroidManifest.xml add

```xml
<service android:enabled="true" android:name=".bgm" />
```

then res to put the music file

```
v  res
   >  drawable
   >  layout
   >  mipmap
   v  raw
         music.mp3
```

add new bgm.java , and content is the following below

```java
package hk.polyu.eie.eie3109_assignment;

import ...

public class bgm extends Service {
    MediaPlayer player;

    public IBinder onBind(Intent arg0) {
        return null;
    }

    @Override
    public void onCreate() {
        super.onCreate();
        player = MediaPlayer.create( context: this, R.raw.music);
        player.setLooping(true);
    }

    public int onStartCommand(Intent intent, int flags, int startId) {
        player.start();
        return Service.START_STICKY;
    }
}
```
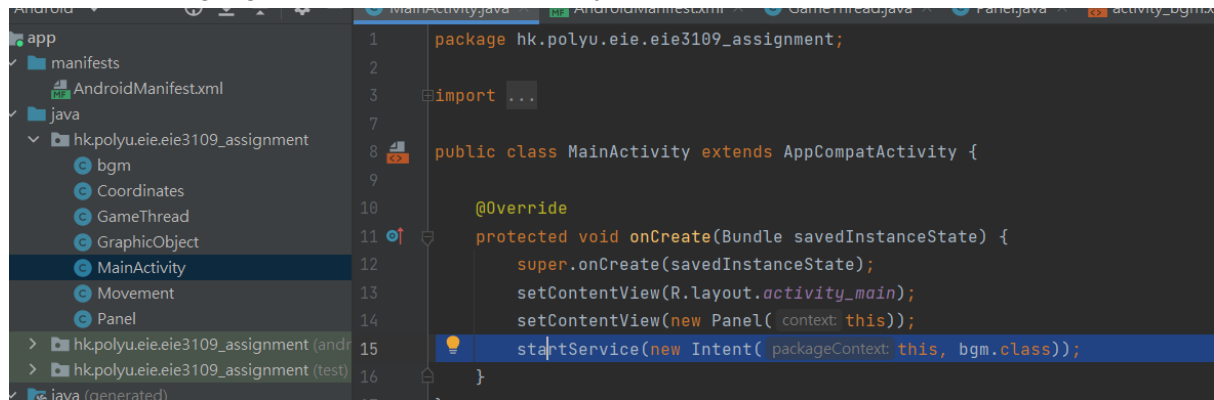

add the blue highligh command in MainActivity
